NIRIKSHAK AI

Product Label Compliance & Evidence Report

Legal Metrology Act 2009 / PC Rules 2011 | Drugs & Cosmetics Act 1940 / Rules 1945 | cross-check: FSS Act 2006

Ref: NAI/CR/2026/0418AD28
Date: 24 October 2026
Status: Certified & Signed by Dev [·]

OUTCOME	**LARGELY COMPLIANT - 11 of 13 label checks passed; 2 need physical verification.** Composition conforms to the W.H.O. ORS formula. Article presents as a licensed drug (I.P.), not a food.

1. SUBJECT ARTICLE

Product	Oral Rehydration Salts I.P. - Orange Flavour (ORS), code OR0302; "From the makers of ORSL" [E-1]
Net qty / M.R.P.	22.2 g / Rs. 23.54 per sachet [E-1, E-2]
Batch / Mfg / Expiry	KHW26077 / 02/2026 / 01/2028 (24 months; ~15 months remaining) [E-2]
Manufacturer	Halewood Laboratories Pvt. Ltd., Plot 10, Unit 27, Rupal Industrial Park, Tal. Bavla, Dist. Ahmedabad 382220, Gujarat. Mfg. Lic. G/25/2711 [E-2]
Marketer	JNTL Consumer Health (India) Pvt. Ltd., Office 16, Admin Block, L.B.S. Marg, Mulund (W), Mumbai 400080 [E-2]
Consumer care	1800 228 111 | consumer-in@kenvue.com | CPCB Reg. B0-10-000-03-AAFCJ4887N (partly legible) [E-2]
Key printed matter	"NOT FOR INJECTION"; "W.H.O. RECOMMENDED FORMULA"; store in a dry place; discard solution after 24 h; dissolve one sachet in 1 litre; caution for renal, hypertension, diabetes, heart disease [E-1, E-2]

2. STATUTORY LABEL CHECKS

#	Requirement	Evidence found	Result
1	**Common name of commodity**	Oral Rehydration Salts I.P.	**PASS**
2	**Net quantity**	22.2 g (front and back agree)	**PASS**
3	**Month / year of manufacture**	02/2026	**PASS**
4	**Expiry date**	01/2028	**PASS**
5	**Batch number**	KHW26077	**PASS**
6	**M.R.P. amount**	Rs. 23.54 per sachet	**PASS**
7	**M.R.P. "inclusive of all taxes"**	Wording not detected by OCR	**REVIEW**
8	**Manufacturer name and address**	Halewood Laboratories, Bavla	**PASS**
9	**Marketer name and address**	JNTL Consumer Health, Mumbai	**PASS**
10	**Consumer-care details**	Phone, e-mail, postal address	**PASS**
11	**Manufacturing licence number**	G/25/2711 (present; unverified)	**PASS**
12	**Composition of actives**	NaCl 2.6, KCl 1.5, Na citrate 2.9, Dextrose 13.5 g	**PASS**
13	**Excipients / flavour itemised**	Only "q.s." declared	**REVIEW**

Basis: Legal Metrology (Packaged Commodities) Rules 2011, Rule 6 (checks 1-3, 6-10); Drugs and Cosmetics Rules 1945, Rule 96 (checks 1, 3-5, 8, 11-13).

3. COMPOSITION VERIFICATION AGAINST W.H.O. ORS FORMULA

Concentrations recomputed from declared sachet masses dissolved in 1 litre (molar masses: NaCl 58.44, KCl 74.55, trisodium citrate dihydrate 294.10 [assumed form], dextrose 180.16).

Component	Declared (mmol/L)	Recomputed	W.H.O. ref.	Result
Sodium	75	74.1	75	**PASS**
Chloride	65	64.6	65	**PASS**
Dextrose (glucose)	75	74.9	75	**PASS**
Potassium	20	20.1	20	**PASS**
Citrate	10	9.9	10	**PASS**
Total osmolarity (mOsmol/L)	245	243.6	245	**PASS**

All values within 3% of declaration: the "W.H.O. RECOMMENDED FORMULA" claim is supported. This verifies label arithmetic only; actual contents need laboratory assay.

4. FOOD SAFETY (FSS ACT 2006) CROSS-CHECK

FSSAI orders of 14-15 Oct 2025 bar the term "ORS" on **food and beverage** labels as misleading (FSS Act ss. 23, 24; Labelling and Display Regulations 2020; Advertising and Claims Regulations 2018), and direct that W.H.O.-formula ORS **drug** products are not to be sampled or seized under food law. This pack is I.P.-labelled, drug-licensed and W.H.O.-conformant, so it falls outside the prohibition. *Source: published reports of the orders; annex primary texts before reliance.*

5. FINDINGS

ID	Finding	Detail / action	Type
F-1	**M.R.P. tax-inclusive wording not detected**	OCR read "RPP / M.R.P..per sachel". Check the physical pack and recapture that area.	**REVIEW**
F-2	**Excipients / flavour not itemised**	Declared "q.s." only (approx. 1.7 g by difference); allergen status cannot be assessed from the label.	**REVIEW**
F-3	**Licence and CPCB number unverified**	Mfg. Lic. G/25/2711 present; verify with State Licensing Authority. CPCB number partly legible.	**INFO**
F-4	**"From the makers of ORSL" brand line**	FSSAI action concerned ORS-named food products; this drug-licensed article is distinct. Recorded as observation only.	**INFO**

Conclusion. On the evidence supplied, the article is a properly labelled, W.H.O.-conformant ORS I.P. product with no label-based ground for treating it as misbranded, subject to closure of F-1 and F-2.

6. PHOTOGRAPHIC EXHIBITS (attach originals before issue)

Original panel photographs were not supplied to the generator; none has been fabricated. Insert unedited originals and record hashes.

E-1 - FRONT PANEL (A)

File: 1000093645.jpg | 24/10/2026 15:53 IST

SHA-256: c1f98f4149ce10a95eea8d45a217250d89b366... [Verified]

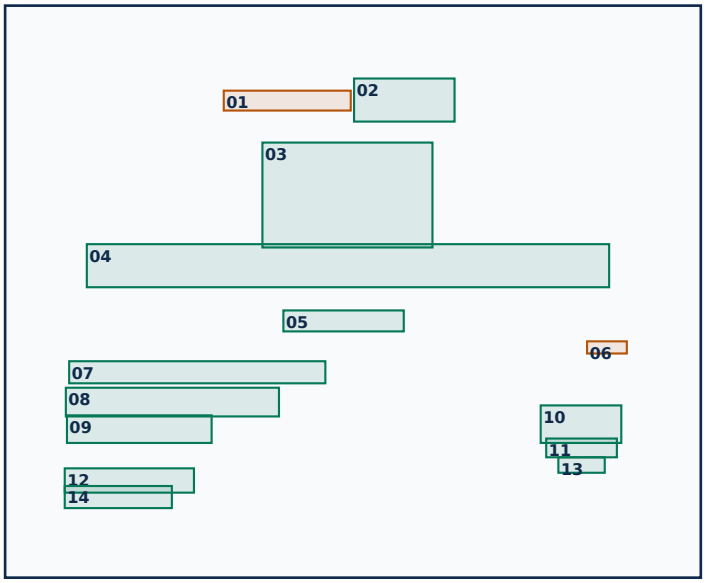

E-2 - BACK PANEL (B)

File: 1000093647.jpg | 24/10/2026 15:53 IST

SHA-256: 4dd05db883181514d3ebeceaeed524313f9318... [Verified]

7. OCR EVIDENCE - FRONT PANEL (E-3 map, E-4 record)

ID	Text read	Conf.
B-01	FROM THE MAKERS OF	93.3%
B-02	ORSL	95.9%
B-03	ORS	99.7%
B-04	ORAL REHYDRATION SALTS I.P	95.0%
B-05	ORANGE FLAVOUR	97.7%
B-06	OR0302	90.3%
B-07	Restores Fluids & Electrolytes	96.2%
B-08	Lost During Dehydration	96.6%
B-09	Due To Diarrhoea	96.6%
B-10	W.H.O	98.8%
B-11	RECOMMENDED	99.5%
B-12	Net Contents:22.2g	96.2%
B-13	FORMULA	99.3%
B-14	NOT FOR INJECTION	95.2%

E-3 is a schematic drawn from OCR bounding boxes on the 630 x 518 px source image (not a photograph); green = confidence at or above 95%, amber = below. Mean confidence 96.5%.

Integrity hash (SHA-256)	`3b9ee714a307c0dac19a208435535fab260a3d006e3d086a50873ffbbaf7c728`
Hash scope	Canonical JSON of the 14 front-panel OCR records (id, text, confidence, bbox).
Original image has	`E-1: c1f98f4149ce10a95e... | E-2: 4dd05db883181514d3... [MATCHED]`
Back-panel OCR (E-5)	Supplied text retained on file; fields extracted in Section 1 were reconciled against it (garbled fragments e.g. "Each sach 22.2f", "RPP" treated as OCR noise).

8. EXAMINER'S DECLARATION AND CERTIFICATE

I declare that I examined the exhibits above, that these findings accurately record my examination, and that E-1 and E-2 are true, unaltered images of the article described.

Examiner: Dev (Devraj)
Designation: Compliance Examiner (Food Safety & [illegible])
ID / Reg.: NAI-EX-2026-DEV09
Date & Place: 24/10/2026, New Delhi

Dev

Signer: Dev (Examiner)
Sec. 63 BSA Authenticated

Countersigning authority (if any): _____

Signature: _____ Date & place: _____

Section 63 BSA 2023 Certificate: I, Dev (Devraj) (Compliance Examiner, Nirikshak AI Forensic Lab), certify that the electronic records (scan ID 0418ad28-b544-4486-9026-da922113418e; report NAI/CR/2026/0418AD28; E-1 to E-5) were produced by the Nirikshak AI system in the ordinary course of its use while operating properly; the information reproduces data fed into it in the ordinary course. Device/OS: Nirikshak AI v2.4 (Docker Engine / Ubuntu). SHA-256 of signed PDF: c1f98f4149ce10a95eea8d45...4dd05db883181514d3ebecea. Signature: Dev | Date: 24/10/2026 | Place: New Delhi.

Limits. Automated label examination, not a laboratory analysis; does not establish authenticity, potency, purity or licence validity. The 11/13 score is a label-completeness count, not a quality rating. Statutory references are at rule/section level; this is not legal advice, and admissibility rests with the court and the chain of custody.
